

Student Name:	
Date:	
Course:	

This Course Suitability Self-Assessment Checklist is designed to help you reflect on your goals, current skills, availability, and any support needs before enrolling in your chosen course. It is important that you answer each question honestly to ensure the course is the right fit for you and that you can access the support and adjustments you may need to succeed.

Once you have completed the checklist, please discuss your responses with your trainer or course advisor. They will review your answers with you and help determine whether any additional information, support, or reasonable adjustments are required before you begin training. This process helps us tailor the learning experience to suit your needs and ensures compliance with the Standards for RTOs 2025.

This checklist forms part of our commitment to quality, inclusive training and student support.

Learning Support	
Which learning format suits you best?	<input type="checkbox"/> Online <input type="checkbox"/> Face-to-face <input type="checkbox"/> Blended (mix of both)
